University of Agronomic Sciences and Veterinary Medicine of Bucharest
OCT 2012 – JUL 2016
Bachelor's Degree – Surveying and Topography

WORK EXPERIENCE

React Tutorial – React Developer (Course)
Remote
APR 2022 – Present
In mid-June 2022, I started learning React by purchasing an online course where I've been practicing all the React concepts:
- used React Hooks (props, state, refs & lifecycle) to solve a wide variety of seemingly unconnected tasks in React;
- learned how to navigate smoothly between pages using React Router;
- Redux helped me write applications that behave consistently, run in different environments and are easy to test.
- worked with Netlify to deploy my projects.

Learn JavaScript – JavaScript Developer (Course)
Remote
OCT 2021 – APR 2022
Starting from November 2021, I did 2 online Courses, one for Programming where I've learned the basics of programming and the other for JavaScript.

In the JavaScript Course, I have covered the fundamentals of JavaScript:
- DOM Manipulation;

- Work with real API's;
- Asynchronous logic etc.

OSF Digital – Junior Frontend Developer (Internship)
Remote
FEB 2022 – MAR 2022
During the Internship, using my skills, I had to create from scratch an e-commerce website, everything being created using a .psd design.

e-tennis World Corporation – Retail Store Manager
Bucharest, RO
NOV 2020 – OCT 2021

Digital Nation – Junior Web Developer (Course)
Remote
FEB 2021 – JUN 2021
Starting from February 2021, I did an Online Intensive Course for Junior Web Developers where I've learned how to create an CMS WordPress site from scratch, just by using HTML, CSS, Bootstrap, jQuery and PHP.

The Hut Group – Warehouse Operative/Senior Warehouse Operative
Warrington, UK
SEP 2018 – AUG 2020
